Hooboyh
I met a you lady this morning(Waahwaw)
Baby you look so charming
I would like you to be my darling (Trust me)
Ex amount of loving in the evening

She said maybe
I could be your lady
She said maybe
I could drive you crazy

How about a date this evening
Maybe take you to a meal or a movie
We could sit in the back row
Where the lights are low
Wisper sweet nothing conversation flow
Ex amount a kisses the order of the day
Sounds convincing what did she say

She said maybe
I could be your lady
She said maybe
I could drive you crazy
Sorry if I seems so pushy
At the moment I am feeling lucky
The vibes I am feeling
Telling me you are appealing
Lets get together
Destiny for ever
Give us a chance and love will take over
Give us a chance and love will take over

She said maybe
